The references cited on the Substitute PTO-1449 which was submitted on May 3, 2004 were previously cited in U.S. Patent Application No. 10/162,261, which is a parent of the present application. Copies of the patent references can be found in that parent application. For the Examiner's convenience, copies of the non-patent and foreign patent references were provided on May 3, 2004.

Applicants respectfully request that the Examiner consider the listed documents and indicate that they were considered by making appropriate notations on the attached Substitute PTO 1449 form.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art". If the Examiner applies any of the documents as prior art against any claims in the application and Applicants determined that the cited documents do not constitute "prior art" under United States law, Applicants reserve the right to present to the Patent Office the relevant facts and law regarding the appropriate status of such documents. Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

Respectfully submitted,
